Hell-o

About me

Hi, I am a junior girl in tech. I'm a hard-working, detail-oriented and self-motivated person. My purpose of joining this Summer School is gaining lab experiece and broaden my horizon in Neuroscience field. I hope I can combine my knowledge of Programming and hands-on experience to fuel my passion of becoming a Neuroscientist in the future.

Skills

Lab working experience
Meticulous
Hardworking
R, Python, Matlab
programming language

Language Certificate

English: Toefl iBT 108/120 pts

Chinese: Basic

Soft skills

Proficiency in English
Communication
Teamwork, Presentation
Studious
